

MOHAWK PACKAGING PAPERS

Visit mohawkconnects.com to order a swatchbook or samples.

CUSTOM-MADE

When you can't find the paper you need in our extensive inventory, you can mix and match from our existing colors, textures and basis weight range to create something special. We can also make custom colors, special textures/finishes, unique basis weights, and specific sheet sizes to maximize manufacturing yield efficiencies. Minimums start at 5,000-20,000 pounds depending on your specifications. Just connect with your paper supplier or a Mohawk rep to start the conversation.

Use the following steps for your next custom-made project.

1. CUSTOM COLOR MATCHES

For a suite of matching materials, signature brand color hang tags, corporate color presentation folders, or a look book cover, you can choose from light to dark, gray to vibrant red, and the entire range in between. All we need is a color-matching system number or 8.5 x 11 inch sample of the color you want to match to start the process. Mohawk will evaluate the possibility of matching that shade, finish and basis weight combination and provide you with an estimate within five business days.

2. CUSTOM FINISHES / TEXTURES

Machine Finishes

- Smooth
- Laid
- Vellum
- Navajo Smooth
- Wove
- Eggshell
- Felt
- Grandee

Premium Embossed Finishes
